

## CHILD CARE SERVICES FOR ESSENTIAL ON-SITE UCI EMPLOYEES

In efforts to support the growing needs of our employees, UCI Human Resources and the YMCA of Orange County are partnering to offer free child care services to all essential on-site employees.

As we work to mobilize care, we highly encourage employees to complete the YMCA's child care needs assessment form to effectively identify the needs of your children: <https://ucichildcare.questionpro.com/>.

### Child care services will include:

Please note: YMCA child care services primarily will focus on children ages 5 – 12, but depending on the needs of employees, infant, overnight, weekend, and evening care may be considered.

The YMCA works directly with the Orange County Health Care Agency (OCHCA) to provide the most current and best cleaning protocols to keep your family safe.
