

INSTRUCTIONS:

This electronic form is to be used until the new online staff performance system is implemented in the fall of 2017. Before completing this form, employees and manager should visit the staff performance program website at hr.uci.edu/partnership/performance to download the check-in form and view helpful informational videos, eCourses and job aids.

Step 1 – Set Goals

- In July/August, employee and manager meet in person to discuss and agree upon between one and five performance goals. Goals do not have to be completed within one quarter; they can span across multiple quarters.
- Either employee or manager enters agreed upon goals and due dates onto check-in form. Subgoals/KPIs/milestones, % weight and % complete may also be entered, if desired. When complete, document is saved and sent to the other.
- If changes are needed during quarter, simply make change, save and send to the other.
- Manager schedules October check-in discussion.

Step 2 – Complete Check-In Form

- Approximately two weeks before check-in discussion, employee completes self check-in. Provides progress for each assigned goal, including using drop-down to enter status, and enters response to each discussion question. Input on goals progress and discussion questions should be complete but not necessarily lengthy or formal. When complete, document is saved and sent to manager.
- After employee completes self check-in, manager completes employee check-in. Manager reviews employee's input and enters feedback on goals and discussion questions including additional manager question. Feedback on goals progress and discussion questions should be complete but not necessarily lengthy or formal. When complete, document is saved and sent to employee.
- Both employee and manager review final check-in, print and bring to check-in discussion.

Step 3 – Meet for Check-in Discussion

- In October, employee and manager hold in-person check-in discussion.
- If changes are needed as a result of discussion, either employee or manager revise document, save and send final version to the other.
- Final document should be stored in accordance with department records retention policy (e.g., print and place in personnel file or print, scan and save online, etc.).

Information regarding the January 2018 check-in will be released in the fall prior to implementation of the new online system.

Should you have questions regarding the interim check-in form, please contact your department HR representative.
