

GOAL PLANNING FORM

This Goal Planning form is an optional tool to help employees develop performance goals that will be used in the performance check-in discussions.

Goals should be reviewed to ensure three points of alignment and connection.

- **Organizational** – The individual can clearly see how their goals connect to the UCI and school, division, or department mission and goals.
- **Horizontal** – The individual’s goals connect and do not conflict across teams.
- **Vertical** – The individual’s goals connect to and do not conflict with their manager’s goals.
