

## Workers' Compensation Notification

### Pharmacy Benefit Network

Your employer and your workers' compensation claims administrator have selected Optum as their workers' compensation pharmacy benefit network (PBN), to provide medications for your work-related injury through their pharmacy network, Tmesys®.

**This plan provides that medications (and other services) prescribed for treating your work injury can be obtained only from providers specified in your plan network.**

**If you have questions about how to obtain prescribed medications, call this toll free number 1-866-599-5426.**

### How to Obtain Your Medicines

Please read the following information carefully as it contains instructions on the required use of a participating PBN pharmacy to receive your medications.

### PBN Requirements

- You must present your workers' compensation pharmacy card to a participating network pharmacy in order to receive medications.
- Only medications used to treat your work-related injury are covered.
- Some medications may require authorization, in which case the pharmacy will contact Optum to try to obtain approval while you are at the pharmacy.
- The pharmacy filling the prescription must be in the pharmacy benefit network.

### New Injuries

1. Upon receiving notice of injury, your employer will provide you with a First Fill card to be used at a participating network pharmacy.
2. Give the card to the pharmacist with your prescription.
3. The pharmacist will fill your prescription. By using a participating network pharmacy, you should not receive a bill for your medications.
4. A permanent workers' compensation pharmacy card will be mailed to you.
5. Use the permanent card each time you have a prescription filled for your work-related injury.

### Locating a PBN Pharmacy. Nearly 5,000 locations in California

- Go to the Tmesys website at **tmesys.com**
- Choose your preferred search method and follow the instructions
- Call **1-886-599-5426** to speak to a customer care specialist

We look forward to serving you. If you have questions about how to obtain prescribed medications, call **1-866-599-5426**.
